

**Goal**  
You can think about the future of the earth. You create a message to people with the help from the app.

**Language Learning Goal**  
You can create a message about the future of the earth. You can understand the messages of the partner class students.  
You can summarize what is interesting and relevant

# MY MESSAGE WITH EARTH SPEAKR

What message about the future of the planet would you like to send to the world? What should people think about?

You will create a message with the app Earth Speakr along with your partner class.

## YOUR ASSIGNMENTS

1

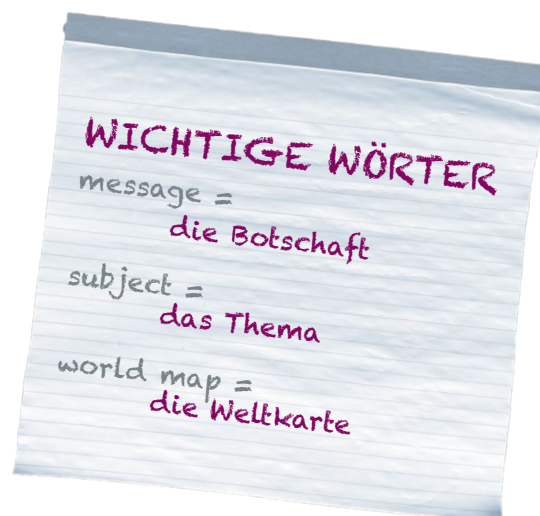

Look at the video on *Earth Speakr's website*.

<https://earthspeakr.art/en/about>

What do you find important?  
Note down five pieces of information.

2

What message about the future of the earth do you want to send?  
What subject should the message talk about? Note down your ideas here.

# MY MESSAGE WITH EARTH SPEAKR

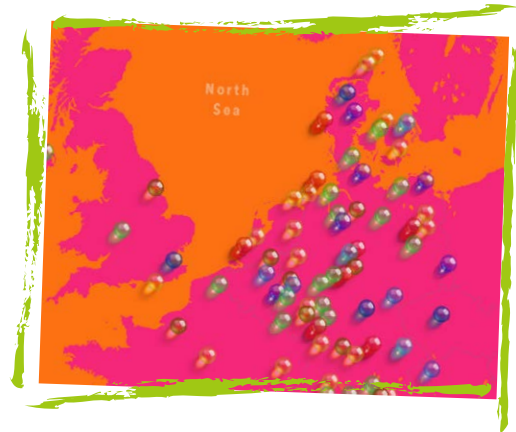

3

Download the app and create your message.  
Post it on the world map.

<https://earthspeakr.art/de/map/>

4

Search for the partner class's messages on the world map and listen to them.  
Which messages did you like the most? Note down three here.

5

Prepare for the online discussion.  
Summarize important or relevant details about what you have learned and  
prepare questions for the partner class.
